

## **Old Testament Sermon Outline No: 6**

### **From Cheat to Leader of a Nation**

#### **(Story of Jacob)**

**Textual context: Genesis 25-32**

#### **Introduction**

Jacob as rightly named means "Supplanter"

His scheming ways occurred even before he was born. "His hand took hold of Esau's heel" (Gen 25:26). Right at the beginning he was fighting to replace the eldest with himself. However, God later changed his name to Israel meaning "he perseveres with God"

Especially known in Scripture Israel Inherited the covenant promise initially given to Abraham who he passed in to his twelve sons who in turn headed the tribes of Israel.

The difference between Saul and Jacob was that Jacob allowed God to change him rather than he himself change.

#### **The challenge**

Have we made the Lord our God?

Do we give to God's work?

Do we bear the marks of an encounter with God in our personality and character?

Our names are now written in the Book of Life. Does our behaviour indicate this?

Are we becoming a father or mother to new converts?
